## 4. PERFORMANCES

A keeper according this certificate fulfils the relevant requirements of BRL 3104.

A window- or door set, in which this keeper is installed according the installation instructions of the certificate holder meets at least burglar resistance class (RC) 2 of NEN 5096 and EN 1627, if:

- the façade element or the (profile-)system from which the element is manufactured is delivered under a (KOMO-)quality approval with respect to the aspect burglar resistance, in which the actual window or door type is admitted and the herein mentioned conditions are fulfilled. Remark: In façade elements in accordance with a burglar resistance class (RC) of EN 1627 only SKG\*\*\* cylinders are applicable.

A window or door, in existing buildings, in which this keeper is installed according the installation instructions of the certificate holder, meets the requirements of the Police Mark Save Housing (PKVW) - Existing Building, if:

- the other aspects of the façade element also comply with the applicable PKVW Protection directive (publication CCV).
-
